**March 3, 2010**

Welcome to the March 3, 2010, *Community Update*. A new month means a fresh batch of new Applications, Resources, and Blogs. So, get your month off to a good start by benefiting from all the great content below. Enjoy!

## News and Events

- **Unique ID for SharePoint** – In case you missed it, we formally announced our free unique ID product for SharePoint. Read the [press release](#) and the [blog article](#) and [download it](#) for free.
- **Last-chance Webcast** – Tomorrow is your last chance to participate in our live webcast on “Apps Across the Firewall—Integrating your Intranet and Extranet.” The webcast is scheduled for Noon, EST. [Click here to register](#)

For more information on any of these, email [info@corasworks.net](mailto:info@corasworks.net).

## Community Highlights

Remember to Log in to see all information and access contributor features. [Click here if new to community](#).

### *Business Applications*

- [Community Services Suite v1.1](#) (from Spirit) – Check out this new release of Spirit's Community Services Suite. Adds a new Micro-community module with support for RSS feeds and Virtual mode and enhancements to distribute a link service, news service, and micro-communities to any other SharePoint sites.
- [Board Activity Manager](#) (from Quasar Apps) – A secure collaborative portal for Boards to manage meetings, agendas, minutes, and collaborative meetings.

### *Resources*

- [App Hub](#) (requires log in) – We've added a new Resource called the App Hub. This interactive micro-community (leveraging Spirit's CSS) now allows all CorasWorks Community members to have a place to contribute and collaborate on apps and technical and business solutions.
- **PPM v1.2 Video Set** (requires log in) – We've just completed a 6-video series on PPM. Each video is less than 7 minutes long and they provide an excellent overview of the app. Don't miss the PPM Mobile video. [Go to App Hub > Select Project Management from the tag cloud](#).
- **Dynamic Filtering** – We've added resources to the Learning Center for our new Dynamic Filtering capability in v10.3.1. Access a 14-minute video overview or download a short document. Go to the [Learning Center](#). Then scroll to the bottom for Dynamic Filtering.

### *Blogs & Forums*

- [App Design Tip: Easy Inline Charting for a Grid \(From the Field\)](#) – Read about an easy way to add a graphical element to a listing of data.
- [App Design Tip: Custom Displays with jQuery Plug-ins \(From the Field\)](#) – Learn how to wire up a jQuery plug-in using the CorasWorks Toolset.
- [A Toolset Did You Know – New Variable \(From the Field\)](#) – Did you know that v1.6 of the Toolset introduced a new common use variable called `<%CurrentPageFolder%>` ?
- [A v10 Did You Know – Attachments \(From the Field\)](#) – Did you know that with the release of v10.3.1, attachments are fully supported in all forms?
