Applications

- [PPM for 2010](#) (CorasWorks) - Our most popular app is now optimized for SharePoint 2010. Download it from the App Store today.
- [Help Desk for 2010](#) (CorasWorks) - In case you haven't seen it yet, we also have a Help Desk for SharePoint 2010. It is available for download from the App Store.
- [Design Manager](#) (CorasWorks) - Use this FREE server-client tool to rebrand or change the functionality of your CorasWorks Apps.
- [Starter Templates](#) (CorasWorks) - These FREE templates are designed to work with our Design Manager and provide a couple of options for you to use with your CorasWorks apps.

Solutions

Just this week, we've released two brand new solutions. Both are ready for SharePoint 2010, but can also run on 2007. So, regardless of which version of SharePoint you're running, you can have one of these great new solutions.

- [IT Project Management](#) - For those IT Departments that are looking to deliver better results to the organization. This solution includes an IT Project Management Portal, Project Sites, Portfolios, and a complete PMO.
- [Idea Management](#) - Need a way to harness the creativity of your organization and better develop all those great ideas? Look no further than our Idea Management solution. Includes an Idea Community Portal, separate Idea Communities, and Idea Portfolio Management.

Blogs

- [Business Communities, Social Application Portals, Mobile, Business Apps. . . All on SharePoint?](#) (William's Blog) - Read about CorasWorks and the Enterprise 2.0/3.0 convergence.
- [Corporate Blogs](#) - Access any of our corporate blogs through the Community.
