## July 2010 Community Update

Welcome to the July 2010 edition of the CorasWorks Community Update. People are hitting the road for vacations and CorasWorks is doing the same - although we aren't going on vacation! We're hitting the road to spread the message about our Project Portfolio Management and Idea Management solutions. Maybe we'll see you somewhere!

## News and Events

- **PPM Seminars** - We're hosting three half-day seminars on our Project Portfolio Management solution. All of the seminars are being held at the local Microsoft offices. Join us at one of the locations below:
  - Dallas, TX - 1-5pm, Tuesday, July 20. [Click here to register.](#)
  - Houston, TX - 1-5pm, Wednesday, July 21. [Click here to register.](#)
  - Boston, MA - 9am-Noon, Wednesday, July 28. [Click here to register.](#)
- **LandWarNet 2010** - If you are attending LandWarNet 2010 the first week of August in Tampa, FL, swing by Booth 1606 and visit us. We'll be highlighting our PPM and Idea Management solutions. [Click here](#) to see how we are currently serving our U.S. Military.

## Community Highlights

### Solutions

- **Idea Management - Business Scenarios** - Read how others are leveraging our Idea Management solution to improve business results in their organizations. Some of the various business scenarios include:
  - [New Product Development](#)
  - [Process Improvements](#)
  - [Responses to RFPs](#)
  - [New Market Innovation](#)
- **Knowledge Factory...A Scenario for Knowledge Development** - Our partner R3 Business Solutions has built an "add on" for the CorasWorks Idea Management solution. The Knowledge Factory extends Idea Management to include a full lifecycle process for transforming ideas and questions into knowledge. [Read more about the Knowledge Factory here.](#)
- **Project Portfolio Management v2.0** - Look for an August release of Version 2.0 of our popular Project Portfolio Management solution. New user interface, a resource module, and more. [Click here](#) for more information on PPM v1.

### Products

- **CorasWorks Workplace Suite v9 for SharePoint 2010** - For those of you using v9 of the Workplace Suite, we've tested it on SharePoint 2010. Access our [documentation](#) for our findings and more information on running v9 on 2010.
