

December 2010 Community Update

Welcome to the December 2010 issue of the *CorasWorks Community Update*. This is the last issue of the Community Update for 2010. Beginning in January you'll see a brand new monthly newsletter from CorasWorks with a new name, new design, and even more information about CorasWorks and the market in general. So keep your eyes peeled.

This time of year, everyone is wishing for something. . . maybe a new iPad, netbook, or toy, world peace, or maybe that you won't eat so much in the new year. At CorasWorks, we have a lot of wishes, too. But our main wish is this: that everyone has a very happy and peaceful Holiday Season and much joy and good luck in the New Year!

Happy Holidays and Happy New Year!

News

- **Partnership with Marlabs** - We recently announced a partnership with Marlabs, Inc. The purpose of the partnership is to jointly go to market with vertical project management solutions on SharePoint. [Read the press release here.](#)

Solution Highlights

Idea & Innovation Management

- **Customer Successes** - We've recently posted two new customer success stories. Click below for an overview and screenshots:
 - [Deluxe Corporation](#) - Deluxe is using our Idea & Innovation Management solution to drive corporate-wide innovation in nine business/product groups.
 - [U.S. Navy \(Commander, Navy Installations Command\)](#) - CNIC is implementing an installation-wide innovation program to identify, select, and publish enterprise-wide Best Practices.
- **William's Blogs** - William is back at it sharing his thoughts on innovation and his experiences with some recent customers:
 - [My Sabbatical on Social Business Systems](#) - For the past several weeks William has been knee-deep with some customers. Read what he's discovering through all these interactions.
 - [CIM v2.0 - Overview of Release](#) - We've got a new release of our Idea & Innovation Management solution planned for Q1 of 2011. Read William's preview of the new release.

Project Portfolio Management

- **PPM Learning Center** - We've just launched our new PPM Learning Center. The Learning Center is designed to help our PPM customers better understand their solution and the types of things they can do. Watch our quick, 6 minute [Welcome & Overview](#) video. To request access to the Learning Center, send us an email at training@corasworks.net.
